

Outdoor Group

Time to go outdoors to enjoy the Crisp Air and Autumn Colours before they're gone.

Hiking

Each year at this time, we enjoy a comfortable hike within the majestic Kananaskis area. Hikes are suitable for all ages and skill level and lunch is often shared and enjoyed at a beautiful vista along our hike.

Geocaching!

Yes, that's right. Where we combine hiking, GPS coordinates, Treasure Hunting, and a whole lot of fun. Kids of all ages get right into this and what we discover along way is the big reward. So bring the whole family.

You DON'T have to participate in the Treasure Hunt to Hike.

Motorcycling

Not just exclusive to hiking, our Outdoor Group also has an ever-growing group of Motorcycle Riders of every skill level and style who enjoy a nice day tour through our amazing world-renowned roads. Finding a nice lunch destination is always a bonus too. So no matter what your experience level or riding style, everyone is welcome. This is not just exclusive to Swiss so bring your riding buddies!

Please RSVP to your adventurous President at President@SwissClubsCalgary.com.

Why go to Switzerland?

There are more opportunities for big mountain and glacier climbing among the CANADIAN ROCKIES and the Selkirks along the line of the

CANADIAN PACIFIC

than can be found elsewhere.
